

在香港，上學讀書是理所當然的事。但全球有超過6,000萬孩子，因貧窮等原因失去求學機會，他們無法發展潛能，夢想亦難以實現。

渴望上學的潘納

11歲的柬埔寨男孩潘納，因為家境貧窮，迫不得已要到磚廠謀生，再不能上學。他辛勞地搬磚，每天的收入卻不足港幣4元。失去讀書機會，令潘納成為醫生的夢想變得愈來愈遠……

你可以幫助像潘納一樣的孩子，重返校園。請製作手工並向親友分享失學孩子的需要，牽孩子的手，同步邁向讀書路！

Most of us in Hong Kong enjoy the right to education. Yet, over 60 million children in the world lack access to education due to poverty related problems. This would no doubt affect their personal development and future.

Bouna, the boy who wishes to go to school

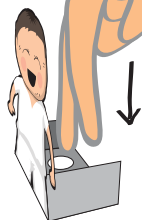

Bouna, an 11-year-old boy in Cambodia, has no chance to study because he needs to work in the brick factory to support his family. Despite his hard work, he earns only HK\$4 a day. Without education, his dream of becoming a doctor seems distant.

You can help children like Bouna return to school. Use this paper craft to share the message and story of Bouna with others.
